Yamanashi Gakuin University Activity Restriction Guidelines regarding COVID-19 Ver.2.0

Depending on the spread and convergence of COVID-19, the criteria for conducting various activities at the University will be set as follows. The activity level will be determined by the Coronavirus Countermeasure Team taking into account various conditions. In addition, "Prohibition of face-to-face lessons for the next 2 weeks" as well as "Yamanashi Gakuin University Activity Guidelines regarding COVID-19 Ver.1.0 Nov. 2020" as described in "Guidelines no. 6 regarding Class Implementation in response to COVID-19" are invalid.

Activity Level		Evaluation Criteria (Infection Situation)	Campus Entry	Classes	Extracurricular Activities	Events
Level 0	No restrictions	Infection is being prevented and there is no concern of the spread of infection	As usual	Face-to-face classes accompanied by effective use of online classes	As usual	As usual Effective use of online formats
Level 1	Restrictions (Minor)	One of the following situations: ● A student, staff or faculty member has been infected, but there is no concern that the infection will spread and there is no impact on university activities. ● Students, staff and faculty members (about 2 to 5 people) have been infected, but it is confined to the department and club that they belong to and there is no effect on university activities.	Persons not concerned with the University are prohibited from non-essential and non-urgent entry	Face-to-face classes accompanied by effective use of online classes	Extracurricular activities will be conducted while taking infection prevention measures	Non-essential and non-urgent events are not allowed, and events that are allowed will be conducted while taking appropriate infection prevention measures. Effective use of online formats.
Level 2	Restrictions (Moderate)	One of the following situations: ● An infection cluster (5 or more people) among students, staff and faculty members has occurred, but it is limited to the department and club that they belong to. ● Students, staff and faculty members have been infected and some of the campus facilities need to be closed.	Students are prohibited from non-essential and non-urgent entry	In principle, online classes will be held except for classes that require face-to-face meetings (required courses as well as other laboratory, practical, and workshop courses, etc.)	Extracurricular activities will be conducted while taking infection prevention measures	Events will be limited to those with high necessity and they will be conducted while taking appropriate infection prevention measures. Effective use of online formats.
